Snow Knows

Daniel Snow knows what it takes to commute using multi-modes to McClellan Park. He rides his bicycle from home to the blue line light rail station south of Sacramento and rides

to the Roseville Road station. The **McClellan Shuttle (Route 85)** is there waiting for him when he arrives to take him to the nearest bus stop to his office in McClellan Park.

He not only is saving wear and tear on his vehicle, but has lost 70 pounds from a year ago when he started using a bicycle as part of his commute. The TMA provides him with a 50% transit subsidy and a bike locker at his office. He thanks the **Shuttle** driver for doing such a great job in getting him to work on time! Daniel is one of our TMA Superstars!

Commuter Corner News

We have **two** new requests from commuters who live in Dixon and Redwood City that are to share their commute with another McClellan Park employee. Click onto the most recent [Rideshare Request List](#) . If you find someone that may live in your area, may be on the way to your final destination or has the same work schedule, contact [the TMA](#).

Sincerely,

Bev Rager
