## Shuttle Route 85

CalTrans  
Improvements to I-80  
Will Affect McClellan  
Shuttle Pick Up  
Location at Rail  
Station

## Shuttle Route 85 - July 11th Adjustment

Improvements to I-80 will require that "all vehicle access from Winters Street overpass and Roseville Road from the Light Rail station will be cut off starting July 11th." Light Rail riders using the Shuttle Route 85 will be picked up at the end of the station's parking lot - [see attached map of the new location in yellow](#) which is walking distance from the Light Rail stop. Regional Transit will provide adequate signage. Construction is expected to last until December.

## This Carpool is Staying Cool

Congratulations to carpoolers Liz Curtis and Christy Hutchison who carpool at least three days a week, are registered with Commuter Club and were chosen by the TMA to receive a three-month parking pass for the TMA's space in the solar covered lot.

McClellan Bike Ride  
13 miles

Liz and Christy are really looking forward to get in their cooler car at the end of the day. Their office is just steps away from this lot.

### McClellan Cyclists Contributed in a Big Way

McClellan Park cyclists rode 29,770 miles toward the Sacramento region's May is Bike Month 1.7 million miles. Congratulations to these cyclists who met or surpassed their pledged goal for the month of May. There were many cyclists who rode hundreds of miles. Here's a list of those that rode 100 - 1300+ miles. Congratulations to all who participated and keep on pedaling to McClellan Park!

### May is Bike Month Superstars

The TMA would like to acknowledge these employees who have become our 2012 McClellan Park Superstars by either encouraging others to ride their bike, being a new bike commuter or just being a great bike advocate for our bike community here at McClellan Park. There are certificates and a pair of the MIBM socks for these individuals at the TMA office:

**Elliott Jenkins - New Bike Commuter of the Year**  
**Bill Baron - New Bicyclist of the Year**  
**Daniel Snow - Multi-Mode Commuter of the Year**  
**Robert Ehardt - TMA Bicycle Advocate of the Year**

*Elliott Jenkins - Bike and Light Rail Commuter*

The list of names is very lengthy of those employees who have continued to make the change of using their bicycle to commute to McClellan Park instead of using their car.

The Bike to Work Day Breakfast on May 17th had a 60% increase of bicycle commuters from last year. Twenty-five riders stopped for a hot buffet breakfast hosted by the TMA at Lions Gate Hotel before going to work, including Fox 40 News and Good Day Sacramento.

---

### **Bike Ride Anyone?**

Bill Baron, TMA New Cyclist of the Year and employee of Northrop Grumman, put together a route that he and his co-workers ride during their lunch hour. Download his [map for the 13 mile McClellan ride](#) and get a group of your co-workers to ride. Share your outing with the TMA with pictures or post on the TMA's Facebook page.

---

### **Real Time Bus Tracker**

The Sacramento Regional Transit District (RT) now offers customers the ability to track the location of RT buses in real time. Recently installed GPS technology allows RT to track buses on routes, display their locations using online maps, and provide estimated arrival times at any bus stop. Customers can also use text messaging to receive estimated arrival times or sign up to be sent automatic email or text alerts. The real-time system, called RT Tracker can be accessed at [www.sacrt.com/rtracker](http://www.sacrt.com/rtracker).

---

### Commuter Corner News

A new employee at McClellan Business Park is looking for a rideshare partner who lives in the Lincoln area. Her zip code is 95648 and she works Mon - Fri, 8:00 am to 5:00 pm. Please contact the TMA if you are interested. If you were looking for a carpool partner and are no longer interested, please contact the TMA to remove you from the [Rideshare Request List](#).
